

Dear Valued Customer,

Deurowood[®] - A CHEM-TREND BRAND, is in the process of simplifying the naming of its products. With that purpose, effective July 1st, 2023, we will begin the conversion of product names per the below guidelines.

All designations that previously referred to a specific type of application segment will be replaced with the “Deurowood[®]” product designation as follows:

Current designation for application segment	New designation for all application segments
DeuroChem	Deurowood [®]
DeuroComp	Deurowood [®]
DeuroCompS	Deurowood [®]
DeuroCure	Deurowood [®]
DeuroFill	Deurowood [®]
DeuroGloss	Deurowood [®]
DeuroGuard	Deurowood [®]
DeuroLease	Deurowood [®]
DeuroMod	Deurowood [®]
DeuroPlane	Deurowood [®]
DeuroSlide	Deurowood [®]
DeuroSpers	Deurowood [®]
DeuroTrans	Deurowood [®]
DeuroWet	Deurowood [®]
DeuroWhite	Deurowood [®]

The specific product reference and numeric product codes remain unchanged vs the current name.

To illustrate the change, see the following examples for reference:

- Current product name: “DeuroCure KS-N” / New product name: “Deurowood[®] KS-N”
- Current product name: “DeuroLease PHO” / New product name: “Deurowood[®] PHO”
- Current product name: “DeuroWet MA 30” / New product name: “Deurowood[®] MA 30”

We plan to have all products that are shipped from the Deurowood[®] Hard manufacturing facility starting July 1st, 2023 onwards, named accordingly.

Product stock as of July 1st, 2023 at Chem-Trend locations in the US and China or at our distributors will still be shipped under the prior naming convention until stock is replenished with new product.

All product related documentation as well as documentation for shipping and invoices will show the new naming in accordance with the timing referred to above.

We would kindly ask you to take note of this change when placing new orders for the subject matter products. At the same time, we assure you that except for the product naming no changes to the formulas, production methods and specifications to our products have been or will be made.

While we appreciate your cooperation in working through this change, your sales representative for the Deurowood® product range is ready to answer any questions you may have. They will contact you proactively in the near future to provide any additional explanations you may require.

Kind regards

Your Deurowood® Team
